

## KRAMERS IN TAIWAN - June 2010

When you go to the U.S. you will take your god with you.....

Our God is everywhere, he will be here and there....

While passing by a friend's home on the way to the office I noticed another friend whom I hadn't seen in a while there drinking tea. I had just gotten home from being gone on other business and really wanted to get back to things. But it was good that I went in.

These two men, who have shown previous interest in spiritual matters, were there along with one man's wife. In the conversation they began talking of me leaving to take our sons back to the USA for college and taking my God with me. One said he could see that God was with me. So, we immediately began a discussion on where God is. It was quite lively for a while as the men couldn't comprehend how God could be everywhere, unlike their gods, whom one must go to visit, or carry around. Out of the corner of my eye, on occasion, I could see the wife nod her head as if to say, that makes more sense.

We talked of how God was there with us, out in the fields, and we could talk with him in the car, in the air, on a boat, in the USA or anywhere else in the world. It seemed unbelievable to them, but I am trusting the Lord to help them understand and long for such a God. "Why would I want to trust in such a limited god", I insinuated. I told them they could trust God too.

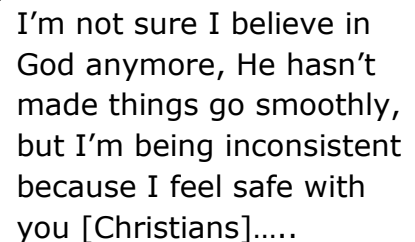

"But there are no feelings this way," they said. I briefly agreed that feelings can be good and God sometimes gives us special feelings but truth and reality are more important. Truth doesn't change.

Please pray that the seeds of the Gospel will grow, protected from Satan and the cares of this life, of which these people have many. May they see God for who He is rather than for what they hope to get from a god. And may they follow him with all their heart, soul, mind and strength.

As we go on home assignment may God help these people see that God doesn't leave with us, but that He is near to them too, and will be in them if they will but give their lives to him in allegiance.

Pray that we will always be ready to obey the promptings of the Holy Spirit even when it doesn't seem to fit with our timing. I am glad that I did!

---Don

I'm not sure I believe in God anymore, He hasn't made things go smoothly, but I'm being inconsistent because I feel safe with you [Christians].....

Pray also for Jyun-Yi, who in the aftermath of a traumatic situation has fluctuated after praying to receive Jesus. She blames God for not allowing circumstances to be resolved in a manner suiting her wishes. Please pray against the insidious lies of the evil one, and to be freed from the bondages of the past.

---Rachel
